21<sup>st</sup> Edition

November 2002

## Welcome

Welcome to the 21st Edition of The Londoner Newsletter. I hope you will enjoy reading about our new members, the updates on our current members, and the other information presented here.

A special thanks to Barry Clapsaddle who continues to keep our website, <http://www.londoner.com>, on-line and updated. Of course, he can't keep everything updated if you don't keep us updated — if your address or phone number changes — please let us know so we can update the members directory. We don't want you to join the list of members that we have lost contact with (see "The Last Word" at the end of the newsletter). Also, if things are happening in your life that you want to tell everyone about, you don't need to wait until you get a letter from me asking for updates. Send it in anytime and it will be posted on the web site right away and included in the next newsletter.

So, enjoy the newsletter and Stay In Touch!

## Reunions

The 2002 New Orleans Reunion was a smashing success. The following coverage of the reunion has been supplied courtesy of Robin Chase (wife of Art Chase '72) — Thanks Robin!!

New Orleans, The BIG EASY, certainly lived up to its nickname - it was EASY to have a BIG time there in the French Quarter! The LCHS reunion was a huge success, and obviously everyone who was there had a marvelous time! (As a spouse, I have to mention that everyone made me feel like a part of the group even though I never attended LCHS - what a terrific group of people you all are!) We had representatives from class of '66 through the class of '75 - a 10 year span of LCHS' finest! The rowdiest group was the class of '73, and the ladies certainly made a fashion statement with those feather boas!

Gigi Blount McGeehee '68 is the most incredible person, working so hard every moment to ensure that everyone had a great time while remaining gracious and making all of us feel so welcome. She managed to obtain the primo hospitality suite on the 2nd floor with the huge balcony at Bourbon and Bienville Streets. Thank you so much, Gigi, for everything! Truly the "Hostess with the Mostest"! And thanks also to her wonderful husband, Ramon, who was so great at everything from bartending to feeding beignets to the masses on Sunday morning.

Friday night the reunion opened with a cocktail party in the Grand Ballroom South of the Royal Sonesta Hotel. The food was unbelievably good and there was plenty of it! A mind-blowing collection featuring shrimp, carved bourbon glazed ham, appetizers galore, and a dessert table you could gain 10 pounds just looking at! (Pralines were great!) The year-books came out and everyone got reacquainted. At 10pm the party moved up to the aforementioned hospitality suite to hang out on the balcony. Some brilliant person got beads and handed them out, affording hours of entertainment to all of us on the balcony. (Lots of "Hey, we've got beads! Show us your ....." etc). Amazing what people will do for a string of plastic beads!

Saturday night found everyone in the Bienville Suite for cocktails. The tables in the dining room were decorated in Mardi Gras theme with beads, throw cups & dubloons, and masks; very colorful and festive. Supper was prime rib with all the trimmings, served by our first class waiters (we'll never forget Steve the dancing head-waiter). The finale was the most divine chocolate cake with raspberry sauce - yummm! After dinner Brett Brunson '72, DJ of the night, cranked up the music and the dancing began. One of the highlights was a song celebrating the LCHS experiences written and performed by Dave Wilcoxson

'70, which brought flashbacks and was enjoyed by all present (this should be stored on the Londoner site as an audio file for everybody to hear). The dancing went on till midnight (Dancing Darryl and the Boa Babes - you rock!) when many moved back up to the hospitality suite for more bead tossing and Anatomy 101. It's been reported that the police were interested in the balcony gang - as everyone knows it's not a great party till the police are involved, so the reunion officially qualifies!

Sunday morning found people wandering back into the hospitality suite in search of coffee and beignets (picked up from Cafe du Monde by wonderful Ramon). We had a wicked rainstorm move through during the morning which gave Bourbon Street a much different and deserted look. Everyone was in good spirits in spite of the deficit of sleep - hugs, farewells, promises to keep in touch and see you at the next one, and the LCHS 2002 New Orleans Reunion was over. What a fabulous, fun weekend for everyone who attended! Also a big thanks you to J Mercer '66 and Rob Shanks '71 who donate their time and energy to maintain and update the websites for LCHS alumni. Look for all the photos at Londoncentral.org

(Those looking for the photos (and there are hundreds of them) should go to [http://londoncentral.org/reunionphotos\\_no-02.htm](http://londoncentral.org/reunionphotos_no-02.htm) Thanks to J Mercer for all of his work getting the photos up!)

Now, where and when will the next one be? I heard talk of San Antonio, Las Vegas, and San Diego and suggestions for 2004 & 2005. All sound good to me. Will let you know when I know.

For those '73-'75, Cindy Clements Hopkins '74 asked that I pass this on: "...am starting the process of organizing a 30 year reunion for the class of 1974 to be held in the summer of 2004 in Las Vegas. Maybe you can help put it on the LCHS website...don't have any details yet but want people to start mentally planning. We also want to include 1973 & 75 grads. " If you are interested, contact her at CHop1979@aol.com

## **Back Issues**

I know, the back issues of this newsletter were suppose to be scanned and up on the web site already. Well, my good intentions didn't quite succeed but they are getting scanned now and should start being placed on the web site soon.

## **Sad Farewells**

Harold Hubbard sent me a note to let us know that his wife Becky Hubbard, Class of '73, passed away on June 3rd, 2000. She suffered an aneurysm while recovering from surgery.

Roy Bissett, Class of '72 , was killed in an auto accident this past March. Jay Hicks attended the funeral.

Jackie Czecha, wife of David Pedersen, Class of '71 provided this note of Dave' passing:

*David Lee Pedersen, Potomac Maryland, May 25, 2002. Dave passed away suddenly from injuries sustained in a car accident.*

*Dave earned a BA at St. Olaf College, Northfield, MN, a MPA from Drake University. For the last twenty years he was a management consultant at Booz Allen & Hamilton in Washington, DC, where he specialized in health care and pharmaceutical IT systems. While at BAH, Dave earned their highest award, the Professional Excellence Award. He was also well known for mentoring consultants new to the firm.*

*Dave loved music and played the cornet and trumpet. He was a member of the St. Olaf Band and the Rockville (Maryland) Concert Band along with his father and brother Mark. In addition to family and music, he loved trains and traveling.*

*Dave is survived by his best friend and wife, Jackie Czecha; two children, Claire and Paul; two stepchildren; his parents Paul and Lilly Pedersen; two sisters, Judy Pedersen Bettinger and Sandy Walling; brother Mark Pedersen; parents-in-law; and many sisters & brothers-in-law, nieces, and nephews.*

They will all be missed.

Hope to retire in the next couple of years and travel even more than we do now! God has been very good to me and I am blessed with a wonderful family, terrific friends and good health.

### **Patti Shy Bartlett '67 (66-67) Meansville, GA**

I am finishing up my 31st year teaching school - mainly first grade. I am married. I have 4 children, ages 16 - 27, and one grandchild, age 5. I have not seen any of my London classmates in years. One friend from Central was a bridesmaid in my wedding but I have no idea where she is now. I would love to find out where different people are and what they are doing. I was the Editor of High Times (anyone remember Mrs. Lee?) [And does anyone know Lindsey Opfer? Mike Cummings? Mary Gobble?]

### **Donna M. Ryan '67 Highland, CA**

Married for 30 years. 3 children. Now Chief of Nursing at The King Faisal Specialist Hosp in Riyadh, Saudi Arabia.

### **Jerry McCarty '68 (65-68) Macomb, MI**

Graduated in 1968. Attended and graduated from the University of Florida with a degree in Journalism. Have been working for Chrysler Corp. for 28 years. I am married with three kids, a granddaughter and another grandchild on the way. I live in Macomb Michigan about 20 miles northeast of Detroit.

Senior year at Wiesbaden, then a horrible year in Texas followed by adventures in California. Got attracted to computer programmers, then computers, wound up as a technical writer for aerospace in California. Now documenting all kinds of software for various companies in the Northwest, specializing in online Help. Also still writing poetry (and have my old Albion!) and making jewelry [www.fabulustre.com](http://www.fabulustre.com) and [www.NoDinkyJewelry.com](http://www.NoDinkyJewelry.com).

### **Milo R. Knight '69 (66-69) El Paso, TX**

Returned in 1969 to the USA after graduation, spent 2.5 years in the US Army. Living in El Paso, Texas since 1972. Married in 1973, have three children, ages 26, 23, and 20. The two older children are married and they have given my wife and me four grandchildren, most resent a pair of twin boys. Currently, employed as a Dir. of Marketing and Sales for a radiopharmaceutical pharmacy

### **Randy C Sundean '69 (68-69) Los Angeles, CA**

Wow. It's been a long time. Well I returned to the States just a couple months before graduating in June 1969 from North Thurston High School located in Lacey, Washington. I then attended Centralia College and the University of Washington. Career-wise, I worked for the

State Of Washington for 11 years (including full time through college), and was appointed to the Washington State Human Rights Commission in 1978. In 1981, I moved from Seattle to Los Angeles, where I still reside, and here in LA I worked for the Federal Reserve Bank of San Francisco (believe it or not working for the Fed is NOT a government job), where I was Senior Network Engineer when I retired in August of 1997.

### **Timothy E. Wurtz '69 (63-66) Valley Village, CA**

Moved to Ankara, Turkey in September, 1966. Graduated from the American High School there. 1969, family moved to Munich, Germany, and I started at the U of Denver, school of International Studies. BA, 1973. Grad School, MA Journalism, U of Southern California, 1976. Profession - writer-producer. Member, Writers Guild of America since 1976. Chair, WGA Media Relations Committee. Credits include Stranger In The House; Deadly Blessing; Perry Mason; The Return; Naked Lie; Fair Game; Seduced; A Clean Kill; My Married Lover; Hungry Hearts.

### **Janet Holtz Brisson '70 Grass Valley, CA**

After graduation I went back to Hollywood, California, attended nursing school where I found out I was a complete wimp and this could not be my life long career. I dropped out and ended up working in the entertainment industry as a secretary/assistant (thank you Mr. Ensz) to a business manager for about 4 years. From there I met my husband Mike who owned a fencing company, lived 4 years in the San Fernando Valley, had our son, Dusty, before moving to Big Bear Lake, California. I learned to ski at 24 and became a real estate agent. Almost as soon as I got my license, my old boss contacted me to help build a 12 unit condo at the foot of the ski slopes which launched me into becoming the 3rd top seller in the Valley and the top seller of my office for 5 of the 6 years I was in that business. In the midst of working we decided to adopt a child. Dusty was 7 when Joey came into our lives. Joey was 5, with a back ground, an attitude and a whole vocabulary from various foster homes. At the time the adoption was finale, I decided to quite real estate and become a stay at home mom. Mike sold his company and decided he too wanted to be a stay at home dad. We bought trust deeds and figured if we kept the principle intact, we could live off the interest and we have been doing the Mother Earth News life since 1985. By growing our food, making our clothes and not being consumers, 18 years later, both boys are in college. Dusty is in NY at Stonybrook, after graduating from Pepperdine, and going for his PhD in Evolutionary biology. Joey turned his life around and is at Chico State majoring in Environmental Geography, working at the Boys & Girls Club and plans to become a teacher. If success is measured in your kids achievements, we have reached to the top. With the kids gone, we had too much food to eat, not enough to sell, so we got more chickens and expanded the garden. Now, we sell organic eggs and produce to our local health food store and travel.

### **C. Lynn Bettin Waugh '70 (66-68) Birmingham, Al**

R.N. since 1974, specializing in oncology. Married to Bob 1980, 3 kids- Meaghan 18 - Evan 14 - Ian 9. Still basically a 60's "hippy"- environmentalist, political dissident. We coach an under 10 soccer team. Still drive Bob crazy wanting to move about every 2-3 yrs! Health is not good right now; I'm retired disabled due to osteoporosis. It seems so odd that my daughter is older than I was when I was riding the bus 2 hrs. into London.

### **Dustin Bernard '71 (69-71) Beverly Hills, CA**

Graduated in 1971 and went to Grenoble University for 1 year. Moved back to San Francisco California and went to Golden Gate University. Graduated and went to Berkley for my Masters in Business Administration. Ran a corporation in San Francisco called Kopi System Inc. Only ran into 2 former members of our High School while there and have lost touch with both of them (Gary Hensley and Janet Fei). After a couple of years moved to Los Angeles, California and got a job on my 1st Movie. Mr. Mom as the Second Assistant Director. Been making Movies ever since. I now work as either a Production Manager or Producer. Last films are Stuart Little 2 which came out recently and one that will be out between Thanksgiving and Christmas called Just Married.

During my time after High School I developed a penchant for comedian's daughters. Spent most of my time with Buddy Hackett's daughter Lisa. Kindest humanoid on this planet, but not the family type. Wound up marrying the cutest woman in the world. Debra. Todie

Field's daughter. Obviously laughter is the most important thing in the universe to me. Well not the **most** important. We have a daughter now 5 years old. Her name is Sophie and the world revolves around her. At least mine does. I took her back to London last Christmas to see the houses and world I grew up in. Was quite surprised to find the school I went to was no longer there. The High School had moved. The laugh was on me. Just the same, London still held it's magic for me and for my family. My time there seems a blur and the people I knew though important a fading memory I would like to reacquaint myself with. Feel free to contact me.

**Diane Canady '71 (67-19) London, UK**

Hey, well I'm still in London. My Dad died shortly after coming back from Nam and as my Mom is English - I sort of drifted into going to a UK University. Did my BA and MA, courtesy of the US Gov't and then discovered a career I absolutely loved. Spent 25 years working in the Ad industry and have only recently decided to down-time a little so joined AOL Europe on a 4 day week. I've been married for 25 years and have a wonderful 21 year old son. My Mom goes up to Wycombe base all the time so if you want any pics of the current CHS - let me know. I also only live about 25 mins from Bushey so could get some shots of that as well.

**Steve Roll '71 (68-19) Salt Lake City, UT**

Moved back to USA in 1970, graduated from high school in Duluth MN. On to college at University of Puget Sound in Tacoma Washington. After college biked the Continental Divide with college roommate. Moved to Jackson, Wyoming, skied and worked construction. Decided to move to Salt Lake City in 1984 (good skiing and real jobs). Married in 1986 to Carolyn Godfrey (native of SLC), parents of Tyler (14) and Amy (11). Been a member of National Ski Patrol for 13 years, I patrol at Park City Resort on Saturdays. We spend our free time traveling (father-in-law in Hawaii), camping, mountain biking, and a little windsurfing. Looking forward to the reunion in New Orleans.

**Rusty Freeman '72 (68-70) The Woodlands, TX**

My dad transferred from London to Kelly AFB in San Antonio, TX, where I graduated from Thomas Jefferson HS in '72. We then moved to Gulfport, MS and I attended The University of Southern Mississippi (USM). I graduated in 1977 with a BS in Computer Science. Went to work for EDS in Dallas, TX, then Amerada Hess Corp at the refinery back in MS. I lived in Hattiesburg near USM until 1980 when I hired on with Exxon. In June of that year, I married my wife Karen, who also attended USM. In 1980, I accepted Christ as Lord and Savior of my life and our lives have truly been blessed. We lived in Houston and had our first child, Allison in 1984. In 1985, I was transferred to New Orleans. We lived in Slidell (across Lake Ponchartrain) and there had 2 more daughters, Lindsay (1987) and Courtney (1991). We attended First Baptist Church until we transferred back to Houston in 1998 with Exxon. I have been a Computing and Telecommunications supervisor since 1992, both in New Orleans and Houston supporting onshore and offshore oil and gas production facilities. It was great to see all those who attended the reunion in New Orleans. I look forward to the next one in 2004! Friendships made in London are like no others!

**Frances (Martin) Kling '72 (68-72) San Jose, CA**

Married/Divorced, 3 grown kids, work for Bloomingdale's, lived in NY for 5 yrs; love sports and working out, esp. running. Have traveled a lot within the U.S. and Mexico. Really looking forward to connecting with people I attended HS with.

**Leslie A. Young '72 (66-72) Alexandria, LA**

Have been working in Human Resources for the past 13 years. Lived in Lafayette, La. for 11 years and moved to Waco, Texas to accept a position as a Human Resources Director with a large corporation. Stayed for two years and decided to come home to Louisiana. Am still working in staffing and Human Resources and glad to be back home. Was married for 10 years have been divorced for about same. No children, just two cats—Neiman and Marcus after my favorite store! Look forward to seeing everyone in New Orleans.

**Vicki (Strotheide) Vaughn '72 (69-72) Odin, IL**

I still miss London terribly, and watch anything on TV that is vaguely British just to hear the accents again. After living there 4 years, and graduating HS there, I still feel my roots are

there. I came back to the States ahead of my family and ended up in Nursing School in Evansville, Indiana. A blind date a few months later and I met my future husband. Got married in 75 and graduated as an RN, and moved to a small village in IL named Odin. Been here ever since, worked as an RN since then, and have two sons, aged 22 and 21. I am the Manager of Community Health Services for a 500 bed hospital and run CDC grant funded programs for women with no insurance and low income. Been married to same man for 26 yrs and am happy to have "roots" but still miss USAF life. I still tell my kids that their Dad ruined my life because I had planned to join the service till I met him! (Wonderful to have this site available and makes me feel better that I am not the only one who is homesick for London. Hard to explain that to someone who hasn't been there!)

**Karen Gallagher Hammer '73 (72-73) Trilby, FL**

I graduated from LCHS in 1973 and moved to Florida with my family. I became a police officer in 1979, and retired as a police homicide detective in 1988 (line of duty injury), I now teach criminal justice classes in the public school system in Florida. I have been married for 22 years and have one teenaged daughter who will be a junior in high school this coming fall.

**Kathy (Mary Kathleen Grundmann) Rabe '73 (69-72) San Diego, CA**

I moved from London to Austin, Texas in '72 and finished my senior year there. The day of my graduation my family and I moved to Tucson. In Tucson, I started cooking at resorts and found life's work (I thought). I trained under several great chefs in 5 star resorts and after 4 years moved to San Diego to continue cooking. I wanted to eventually be a chef in a snooty place. While cooking, I met and married a guy in the navy seal team and ended up getting hired by Pacific Bell (by a well-fed customer who was the manager of the employment office) as a lineman (linegal) and have worked there for the last 23 years. I do circuitry design and implementation and will probably stick it out for the full 30. I divorced, childless, and have remained reluctantly single since then. I'm still a cook, but only because i want to be one, and am considered a foodie by friends. My favorite times are those spent cooking with and for friends and loved ones.

**Victoria (Vicky Damon) Rollins '73 (68-70) Morrison, CO**

Moved to Indiana and graduated from Maconaquah HS in 73. Attended Univ of NH and graduated in 77 w/degree in Communications. Married in 79 and have three wonderful sons from that marriage. Divorced 89 and remarried in 1993 to Ashton Rollins. Worked in Real Estate in 80's, Cabletron Systems in the 90's and relocated to Denver to work for U S WEST before the Qwest merger. Am now enjoying semi- retirement after taking a "package" Nov 00 and trying to decide what I'll be when I grow up. Enjoying spending time with my husband and children and feel like my life is truly blessed.

**Stephen Thelin '73 Melbourne Fl**

Served in Air Force from 73-78, Retired from Radio Broadcasting 1993, Now employed by BellSouth. Married Twice, Single since 1991, My son is 21. Lived in most Southern States from New Mexico to Florida. Now enjoying life in Florida. Co-Founder of [www.LondonCentral.org](http://www.LondonCentral.org). Like most I have a very foggy memory, except to say I have a strong memory of the best years of my life in London. Meeting J Mercer and seeing his efforts motivated me to help him create [LondonCentral.org](http://LondonCentral.org). I have enjoyed helping old friends find old friends and connect with those most memorable days. I would love to hear from anyone who I may have known.

**Mike Willson '73 Parker CO**

Living in Denver I work in the music biz Have two kids

**Gail (Springer) Kimbrough '74 (69-72) Maynard MA**

After completing my sophomore year at Central High we returned to the states where I attended my Jr. year in Ohio, and my Sr. year in Kansas graduating in 1974. I was married in 75 and had my first child in 76 followed by a second in 77. The years passed, my marriage failed and I settled in Mass as a single parent working for Digital. In the early 80's I transferred to the UK office and worked/lived in England until the end of March 2001 when I returned to the US and settled here in Maynard, MA. My two grown daughters now make their home in the UK, one in Surrey and the other in London. I now work for EDS as a Project Specialist in our New England Solution Centre, and my project is managed out of the UK. I was hired for my trans-

continental experience and knowledge of British/American cultural nuances. I often think of my days at Central High as it was the only school I attended for long enough to feel a part of. It was difficult being a transplanted military kid, graduating at a school I only attended for 1 year. I've often hoped of one day being reunited with some of my military school friends from London Central High!

### **Ken Arkell '72 Houston, TX**

Daughter Jennika, 21, Graduates from Tufts in Boston with Honors now at USC in L.A. for Masters in Business communications with Second Masters from London School of Economics expected in 2004. Son Robert, 20, in third year of double major at Kenyon in Ohio. Considering application for Rhodes Scholarship. Son Casey, 17, in final year at ST. Thomas in Houston looking forward to leaving his mom and dad next year. Wife Susan looking forward to getting back to the workforce. I look forward to goofing off someday after I pay all the bills. 9/22/02

### **Kathy Oliver Brown '66 Charlotte, NC**

If you are interested, I have a personal Web site at <http://home.carolina.rr.com/happykat/> which features some vintage photos and a few excerpts from some of my writing projects. I also have a Web site at <http://www.webdesignery.com/> which is a Web design company I started with my son this past year. One last address <http://www.skeeterbyte.com/> is a smaller site which features a short film we made this past year. Our first effort, but it was fun to try, and if time permits, we have other ideas. Hope to hear from you again sometime with information on your life 7/2/02

### **Ted Buckley '72 Oviedo, FL**

Since my last update (whenever that was), I have become one of two partners in a small (6 employees), but profitable civil design firm by the name of Florida Land Design, Inc., specializing in civil engineering, municipal engineering, land planning, construction administration and landscape architecture. Patsy and I have been out of touch this last year with a lot of folks as we recently lost our daughter, Tammi, to cancer. Our son, Larry, is presently dividing his time between his family, job, and his Air National Guard duties. I am always interested in hearing from old friends and classmates, but please don't be put off if I don't respond immediately. 9/14/02

### **Colleen F. Cahill '72 Centerville, MA**

What a year 2002 has been! It just gets better all the time. I didn't make it to New Orleans but I did get married in April to Captain Troy. I guess that makes me half of the Captain and Mrs. Troy duo. I had an appendectomy in January, which caused me to reflect on the fact that had I been born a hundred years ago, my number may have been up. I had lasik surgery on my eyes in June and I can't tell you how incredibly wonderful it is to be able to see...without those irritating contacts or glasses. My son, Carey, is 14...and lets just say I am glad he has a step-father now. My business, T.G.I., has expanded and I am now "super landlady" to 7 young adults. The bulk of this spring and summer was spent renovating our antique carriage house and my parents have moved in, which makes our extended family 12 strong. Life here on Cape Cod is beautiful and I have so much to be thankful for. If any of you are ever on the Cape, especially '72 grads, please stop by and say hi! 9/30/02

### **Diane Canady '71 London, UK**

Think I'm only one of a few that stayed in the UK - my Dad died right after graduation and since my Mom is English - it seemed right to stay here for a while. Ended up going to University over here and did a BA and MA, then settled in London. Started in Advertising in 76 with the InterPublic group - a US company, then joined a French network and stayed with them, reaching MD till 2000. Joined AOL here in the UK 2 years ago and run their European operation. Married Brian 25 years ago in December and we have one son, Ben - 21 (our joy) - he's doing an English degree at the moment but managed to find a course where he had to do a year in southern Spain! How tough! We've been out to see him and the place is fantastic - definitely on my list of retirement locations! We vacation in the Balearics most years so I'm

already a lover of the siesta lifestyle! Brian is a musician, gigs and writes music for TV - we've been so happy and plan a big celebration in December! It doesn't get any easier holding down a job as you're approaching 50 (still 2 years to go though!) but might as well live for today and let tomorrow take care of itself! I now sound totally English but have managed to retain all my American sayings and unbelievably still wear my class ring - it's a good conversation piece! My Mom can still shop on the US bases so I haven't gone completely native! If anyone wants anything from the UK - just let me know. And unlike most of you - if I ever go up to Wycombe base - I see the Central High students of today - so scary!! 8/4/02

### **Anne (Maciacius) Cwalinski '71 Allston, MA**

With Rob's encouragement I'll update...every 10 or 15 years! During this stretch I've been in Boston, with a few moves within the city included. Currently living with 14 year old Allison; My X moved long ago; 20 year old Lee has been sharing apartments with friends for a year or so. I'm a clinical case manager at a partial hospital (day treatment, mental health) for children and adolescents, rewarding work with plenty of stories. Were there many psychotic kids when we were in school??? Most of my fun time is spent with my girls and with Rob (Shanks '71). We went to New Orleans! Thanks Gigi, for memorable weekend! I've been relaxed ever since. Life is good! 10/6/02

### **Michael Galgan '69 Dallas, TX**

Once again I will be missing our reunion, even though it is in my neck of the woods - New Orleans is fairly close to Dallas. The theatre festival that our theatre is executive producers of runs every July. It's become a popular ticket, which is good, unfortunately for the month of June and July we are pretty much tied down. However, I do enjoy being part of the londoner group email and hearing about everyone. Good luck this year - don't drink too many Hurricanes!! 3-5-02

### **Greg Gardner '70 Lawrence, KS**

I live in Lawrence, Kansas with my wife Kim (married in 1983) and teenagers Gary (16) and Rachel (14). Although I am not home much because of my job, we love the college town atmosphere. Lawrence is home to Kansas University and the Jayhawks, if you are a basketball fan, they made it to the final four but once again went home early. Wonderful church, friends, and an independent school for the kids make it Lawrence perfect place to raise a family. Kim chose Lawrence with its hills and trees (unlike much of Kansas) because it reminded her of San Luis Obispo in central California where she went to school. Kim serves on the school board, the board of a homeless kitchen, on the vestry at church, and makes presentations for the Kansas National Guard's statewide family support organization. Gary and Rachel are turning into real people and are getting more enjoyable all the time (most days >). They have mostly progressed past the stage where their parents know nothing about anything.

As for me, after over 20 years of flying fighters (primarily the F-4 and F-16) and the B-1B bomber, in 1999, Kansas Governor Bill Graves asked me to serve as his Adjutant General of the state (which entails several hats). As commander of the Kansas Army and Air National Guard I do everything from drive / shoot tanks and artillery to work force structure and personnel issues for two air wings and 3 brigades of 8,300+ citizen soldiers and airmen. Like about half of my peers in the 54 states and territories, I also serve as Director of Emergency Management in the state. In the land of Oz we do get our share of tornadoes, floods, ice storms, gas explosions, train derailments, etc. The disasters dejour are drought and West Nile Virus. Finally, since 9-11, the Governor added Director of Homeland Security. The high points include seeing these incredibly dedicated Guard men and women leave their families and employers to protect their communities during natural disasters and fight the war on terrorism at home and around the world. While the Homeland Security role has added untold hours it also gave me the opportunity visit with President Bush in the White House. As to low points - well who wants to hear them anyway! Thanks for staying in touch. (Home number is unlisted but if anyone wants to talk, call me at work and I'll give the home number.) Cheers, Greg 9/21/02

### **Jeff Johnson '71 Birmingham, AL**

Hey All! Well 2002 has proven to be a very strange and exciting year. I'm still living and working in Birmingham, Alabama but run to the lake every weekend (that's spelled r-u-n-n-o-f-t in Alabama). I seem to be working less and enjoying it more. "Sonny Boy" (Alex) has graduated

and will start at Auburn University this fall. Libby will be a senior in high school and is active in the marching band and, also plans on attending Auburn. (I expect to be in a double-wide in a year or two.) My wife, Macy, is a CPA working in the Internal Auditing Department of Protective Life Insurance Company. We had a great get together in New Orleans and hope to do it again in a couple of years or so. We had a pretty good turnout for the class of 71 and got to see a few that I hadn't seen since leaving London. (Steve Roll, I'm coming to see you for sure!) The sight of New Orleans from a balcony on Bourbon Street is indescribable. Like I said before, it's amazing what people will do for some silly plastic beads...just when you think you've seen it all! We also had the 2nd Annual "FishCamp" reunion. The "crew" of Capt'n Morgan consisted of Brett "Bad Bart" Brunson, Tate "Lobster" Young, Jay "The Dirty Damn Basketball Player" Hicks, Paul "Shinney" Bregonzio, Tom "I Can't Find the Swing" Wilson and Cameron "Stickman" Jewell — did I say "just when you think you've seen it all" ..man what a weekend! 9/30/02

### **Sharon Love Kronberg '69 Austin, TX**

2002, 33 yrs since I graduated from high school. Now I am married to a great husband and father, have two children, Mark - 15, Victor - 14, and we are telling them "high school is a blip on the screen of life". I want to confirm, "there is life after high school" now as parents we want our children to know this. I would like to interview people and compare and contrast their high school experience with their life. Does success in H.S. = success in life? Do some "peak" in high school? The most surprising people = success in life? Where do all the "popular kids" go? Where do all the "unpopular kids" go? Who really makes it in society? What does it take to be happy? I would love to hear any stories. This is truly interesting. This is life. Feel free to send me your story. 7/24/02

### **Diane (Van Atta) Littlefield '71 Loveland, CO**

We were in London from 1965-69. We moved to Rochester, N.Y. Then I moved to Arizona then Colorado in 1980. My husband, Wayne and I have 4 children ages 16-27. I work at the local High School as their receptionist. But my real love is photography. Had my own business in the 70's in N.Y. and after a 25 year hiatus, am getting back into weddings, seniors, families etc. Will leave the H.S. in 2 years and open my own studio. My years in London and Central will always be remembered as the best. Awesome experience that I wish my children could share. As for the reunion, I would have loved to have gone. But I have to run my mom's Bed and Breakfast in upstate N.Y. this summer. 4/15/02

### **Francie McAlpin ' 69 Denver, CO**

Have become an empty nester as my daughter Chelsea is off to a boarding school to finish her high school years — an art/drama academy of her choosing — she always has been a bit of a drama "queen" — may choose to make this a career! James is a senator in his sophomore student gov't, his major is political science, hopes to come East to grad/law school.....and after 22 years of living out West, I've relocated to Annapolis, MD working for Southwest Airlines in their People Dept. and selling residential real estate as well. Love the bay and all the boating activities here — still settling in — just came over from my summer home from Michigan last month. Greetings to everyone! 10/2/02

### **Nancy (Bonnett) Parkinson '70 Palm Desert, CA**

Short update - Divorced as of this year. One grandson with another on the way. Property manager at the "world-renowned" PGA WEST in La Quinta, California. Anyone who loves golf will know of this place! So many life changes in such a relatively short space of time! 50 is a GREAT age! I am having FUN! Hope to hear more from those still in touch with The Londoner. 9/17/02

### **Scott Swink '70 San Jose, CA**

General update Times are changing! We got caught in the dot-com implosion, and Carol was looking for a new company during the first few months of the year. My business, fortunately, picked up the slack. Steve, my son, is designing video games for a company called Tremor Entertainment located in beautiful Burbank. Check out their game, "The Unseen," at <http://www.tremor.net/>. 9/16/02

**Art Wallace '70 Honolulu, HI**

In June 2002, moved from Fort Riley, Kansas to Honolulu, Hawaii. Still in the U.S. Army (hit 30 years next month) and now working as Deputy Director, TRICARE Pacific. Oldest son is now at Univ. of Hawaii so all our three sons are now with us on island. "Next career" options include teaching, remaining in health care/nursing, or something associated with traveling. 9/30/02

**Tom Wilson '71 Houston, TX**

Still living in Houston Texas. My boys are now 23, 21, & 15. Two in college and one in H.S. My wife teaches 1st grade and I'm still managing technical schools. I keep up with a bunch of old Londoners. For those who didn't attend the N'Awlins Reunion, you really missed a great event. ALL praise and thanks go to GIGI. She did a FANTASTIC JOB! I'm looking forward to the next one and for those who know what I'm talking bout..."May the Cap'n sail forever"!!! Stay in touch ya'll !!! 7/22/02

**Gail (Bouck) Yamazaki '71 Bethesda, MA**

I'm still Director of Marketing for Verestar (a teleport operator and telecom services provider in Northern Virginia). I wish right now I was in any other field except for telecom, what with the Worldcom bankruptcy (which has directly affected our company) and the general economy, but somehow I'm still here. Simone, my 13 year old is doing wonderful things in school and is a star defensive player for her soccer team. She's just as petite as I am, but very determined and not at all intimidated when faced with several much larger players! She's also a serious iceskater and horseback rider. Her brother Steven is 12.

Unfortunately the story is not so bright on Steven. He was diagnosed this past year with bipolar, after several years of misdiagnosis. We have hospitalized him twice and he's on a cocktail of medications that would make the normal person shudder, but he's more stable now and that's a blessing. It's been a terrible time for us as a family dealing with his illness, both financially and emotionally. It's also very isolating. With the help of an attorney we now have him in a special school. Fortunately, bipolar has been getting a lot of press lately and it's becoming less of a stigma to discuss it and I am very open about it. Since we're in Bethesda, we also have the National Institute of Mental Health (NIMH) less than ten minutes away, and there's a lot of new work going on. Once you are introduced to this world, it's amazing how many other parents and families you discover are dealing with this disease. (If anyone in our group is dealing with (or thinks they might be dealing with) something like this, they can always email or call me.) Gail 9/25/02

**Tate Young '73 Houston, TX**

This year has been very good and all of us Youngs are doing well. Neva finally graduated from University of Houston with her BS in psychology and started graduate school but had to drop out because her father has been very ill lately, requiring her to spend a lot of time in Georgia where she is from. Our daughter, Victoria, started 7th grade and plays on one of volleyball teams. That's a very popular sport in Houston. My law practice continues to thrive and keep me busy. The reunion in New Orleans was a blast and those of you who missed it lost out on a great time. I saw more of my classmates and it was fun to re-connect with them and see new faces. The stories we told brought back many wonderful memories. I urge CHS folks to attend these reunions. They are quite a unique experience. Also, I spent a weekend in August with Jeff Johnson and other CHS alumni at Jeff's fishing camp in Alabama. It was a lot of fun, especially with Tom Wilson there who provided much entertainment. Thanks again, Jeff. If any of you are ever in the Houston area, let me know. 9/30/02

## The Last Word

Please take a look at this list of members that we have lost touch with. If you have current contact information for any of them, please send me a note or ask them to contact me. And finally, a great THANKS!! to those who sent donations to help defray the cost of postage and copying.
